CAREER OBJECTIVE

Motivated and detail-oriented B.Tech Information Technology student eager to contribute technical and problem-solving skills in a dynamic organization. Passionate about developing efficient, user-friendly web applications and growing through real-world experience.

TECHNICAL SKILLS

Languages: Core Java, SQL

Frontend: HTML5, CSS3, JavaScript (ES14)

Frameworks & Libraries: React, Tailwind CSS, Bootstrap 5

Backend: Node.js, REST API, JSON

Tools & Platforms: Git, GitHub, Postman, Canva, Figma

PROJECTS

PDF to Audiobook Converter — GitHub

- Developed an accessibility-focused tool using React (frontend) and FastAPI (backend) to convert uploaded PDF files into natural-sounding audio.
- Integrated features like play/pause controls, download option, and real-time audio progress tracking.
- Aimed to assist users with visual impairments by enhancing content accessibility.

MERN Clinic Management System — GitHub

- Built a full-stack web application using MongoDB, Express.js, React, and Node.js (MERN stack).
- Implemented secure user authentication, appointment scheduling, and patient record management.
- Designed a mobile-responsive interface using Tailwind CSS, ensuring usability across devices.

Weather App — GitHub

- Created a weather forecasting app with real-time data using the OpenWeather API.
 - Designed a clean, responsive UI in React to display dynamic weather updates.
 - Features include location search, temperature display, and weather condition icons.
-

EXPERIENCE

Full Stack Developer Intern | Techplement

Aug 2024 – Sep 2024

- Developed scalable backend APIs using Node.js and MongoDB for internal tools and services.
- Built dynamic, reusable UI components in React, styled with Tailwind CSS for a consistent user experience.

Front-End Developer Intern | Galwin Technology

Jul 2024 – Aug 2024

- Created responsive and interactive UIs using Tailwind CSS and Framer Motion, improving user engagement.
- Collaborated with designers and developers to enhance frontend performance, consistency, and accessibility.

Front-End Developer Intern | Exposys Data Labs

Nov 2023 – Dec 2023

- Completed various UI development tasks using HTML, CSS, and JavaScript for client-facing applications.
 - Maintained strong commitment and punctuality throughout the internship, receiving positive feedback from mentors.
-

Education

Bachelor of Technology (B.Tech) in Information Technology

M.A.M. College of Engineering and Technology, Trichy

- Aug 2021 – May 2025
- CGPA: 7.7 / 10

Higher Secondary Certificate (HSC)

Don Bosco Higher Secondary School, V. Pet

- Jun 2019 – Apr 2021
- Percentage: 85.6%

Secondary School Leaving Certificate (SSLC)

Don Bosco Higher Secondary School, V. Pet

- Jun 2018 – Apr 2019
 - Percentage: 83.5%
-

CERTIFICATIONS

- *FreeCodeCamp* - Legacy JavaScript Algorithms and Data Structures
 - *IBM SkillsBuild* - SQL and Relational Databases 101
 - *Udemy* - Practical Tailwind CSS
